CARTIER'S CAPTIVE SOMM CASE AND FULL-PAVE DIAMOND DIAL

"It's absolutely captivating. No other brand has ever produced this size for women. Though it is huge and loud, it manages to look elegant and sleek, thanks to the slim and refined case. I like a watch that expresses who I am – unique, strong and distinctive."

WHAT WAS YOUR FIRST WATCH?

"A gold Rolex Oyster that was given to me. I've since passed it on to my mum."

WHAT WOULD YOUR DREAM TIMEPIECE LOOK LIKE?

"A custom-made bejewelled cuff watch about three inches wide and encrusted with diamonds of all shapes and coloured precious stones."
